

## Marigold (3 Refresh)

- High Concept: Reclusive geek and tech-guru.
- Trouble: Socially inexperienced and prickly shut-in.
- Momo is her best friend.
- Reads All the Hentai.
- Trying to come out of her shell, but not very self-aware.

+3 (Good): Insecurity

+2 (Fair): Passive-Aggressive, Obsessive

+1 (Average): Aggressive, Depravity

+0 (Mediocre): Over-Confidence

- Because **I am a WoW god**, I get +2 to **Over-Confidently overcoming obstacles and creating advantages** if I can see them as extensions of my online gaming.
- Because **I am shy and pessimistic**, I get +2 to **overcome obstacles by Insecurely fleeing the scene**.
- Because **Momo is my friend**, once per session I can make a new friend despite myself.
