- **Check The Archives.**

When you conduct research—in the library, your news organization's archives, or the like—spend a fate point to use Will in place of any other skill to create an advantage. The advantage you create must make sense in the context of the research you're doing.

- **One Raised Eyebrow.**

+2 to defend with Empathy when discerning truth from lies.

- **Publish Or Perish.**

When you invoke an aspect you've created as part of a brainstorm, you get a +3 bonus instead of +2.
